Let's go down by the river  
Watch the river light  
Big old paddle wheeler  
Rolling through the southern night  
No need in talking you know how I feel  
Everytime that I'm with you, you make it all so real  
Moon breaks on the water, everything is right  
Let's go down by the river tonight

Let's go down by the river  
Watch the ships come in  
Everytime I'm in New Orleans  
I feel like I'm in love again  
Good band is playing, night is rolling on  
Let's get into the music until the night is gone  
Love you till you're shining, oh my what a sight  
Let's go down by the river tonight

Down in New Orleans  
You know they let the good times roll on forever  
Never say never  
Down in New Orleans  
You know they do it till it's all right - tight  
Oh my what a night

I've been out in this big world  
I've done everything  
Still nobody does it  
Like they do in New Orleans  
They wake up dancing - Dance until they sleep  
Living on their feeling - They know life won't keep  
Honey bring your new shades - Morning comes up  
bright  
When you're down by the river all night
