i'm trying to write but i keep getting sidetracked  
i really like him and i think he has a nice laugh  
and i'll drink his bathwater, and i think he's hotter  
and i'd hit it like bing crosby hit his daughter  
i stalk him on the internet, he probably thinks i'm jessi  
slaughter  
even my father says to find anather, i mean another so  
i'll ask my mother  
and maybe she will smother me in blink-182  
and i don't like stealing lines but this one is kinda true;  
i tell em that i love em but i never really do  
and i can't find a good way to say "i love you"  
so "fuck you" and your stupid tattoos  
you used to like girls but you only like shoes  
i hate the world and i love your shampoo  
and your soap and deodorant all over my pillow  
you make my day, i whip my hair, i think i'm willow  
i like you like samanthan likes nutella crepes  
you think it's funny when you joke about rape  
we'll see if it's funny in the back of my escape  
that's a ford, you're a whore and i'll catch it on tape  
tell the police, i'll just tell em it's fake  
tell your mommy on her coffee break  
i sit around, picking at a coffee cake  
wait for you to text me, starin at the macbook  
i'm kinda cute and i swear i'm not a bad cook  
i'd hold your hand if you took me out, we made plans  
but you shook me out  
and you made me think that i'm bad looking now you're  
walking on my swag  
and i'm undercooked now instead of raw like i used to  
be  
and if you're using me i can use a bat on you  
and when you wear that hat, stussy, i'll put the cat on  
you  
tit-for-tat on you but i don't have tits so you don't look  
at me  
in your castles and crooks tee, i say hi but you only  
stare crookedly  
fuck
