Just the twinkling lights of heaven  
Two reflections on the sparkling water  
Hand in hand in love with love, uh-huh  
I love the cheap things that you say-a-say

You belong in rock & roll  
You belong in rock & roll  
You belong in rock & roll  
Well, so do I

I love how she moves me  
It makes me feel alright, alright  
Alright, alright

I'm a hurt, I'm a hurt, I'm a hurting  
I'm a man with a beat in my pocket  
I'm going down to the rhythm of love  
I love a bad look that you bring

You belong in rock & roll  
You belong in rock & roll  
You belong in rock & roll  
Well, so do I

Alone on a mean street  
It makes me feel on fire, on fire  
On fire, on fire, on fire  
On fire, on fire, on fire, on fire, on fire

I love the cheap street in your walk, uh-huh

You belong in rock & roll  
You belong in rock & roll  
Well, so do I

I love how she moves me  
It makes me feel alright, alright  
Alright, alright, alright, oh-oh
