just a shakin' in my knees
just a cold chill
don't know what it is
some call it a thrill
just a lump in my throat
just hot blood
don't know what it is
some call it love
well, I saw you out in your car
you had the top down
you were drivin' real slow
just a shakin' in my knees
just a cold chill
don't know what it is
some call it a thrill
just a lump in my throat
just hot blood
don't know what it is
some call it love
well, I saw you in the grocery store
buyin' tomatoes for a casserole
just a shakin' in my knees
just a cold chill
don't know what it is
some call it a thrill
just a lump in my throat
just hot blood
don't know what it is
some call it love
well, I saw you in the laundrymat
washin' your clothes, gettin' all the dirt out
just a shakin' in my knees
just a cold chill
don't know what it is
some call it a thrill
just a lump in my throat
just hot blood
don't know what it is
some call it love
well I saw you with your car broke down
fixin' your flat with a tire iron

just a shakin' in my knees
just a cold chill
don't know what it is
some call it a thrill
just a lump in my throat
just hot blood
don't know what it is
some call it love
just a shakin' in my knees
just a cold chill
just a lump in my throat
just hot blood
