Be a man about it!
My heart's ringing like a telephone
Pick it up and dial in the answer
Oh I'm sick and tired of being alone
Let me know if love is what you're after

Just be a man about it
You don't have to worry
I won't turn you down
Just be a man about it
Oh don't complicate it
Let me know you'll be around

I took you from the number one
When you said you'd be with me forever
But I don't appreciate the cost that I am paying
For your being clever

So be a man about it
Oh don't complicate it
You don't have to lead me on
Just be a man about it
Just want you to love me right
You can't go wrong

If you just be a man about it
You don't have to worry
I won't turn you down
Just be a man about it
Oh don't complicate it
Let me know you'll be around

We could really have a good thing going
Though we don't know where it will lead
But we, we've got to keep the communication flowing
But that's not all I need
So won'tcha

Just be a man about it
You don't have to worry
I won't turn you down

Just be a man about it
Oh don't complicate it
Let me know you'll be around

So be a man about it
Oh don't complicate it
You don't have to lead me on
Just be a man about it
Just want you to love me right
You can't go wrong

You just be a man... (BREAK)

We could really have a good thing going
Though we don't know where it will lead
But we, we've got to keep the communication flowing
But that's not all I need
So won'tcha

Be a man about it
