Never be afraid to love  
never be afraid to just be  
just cast away the chains of doubt  
have the courage to be free

Don't cloud your rise with father's lies  
see only what you want to see  
to stuplicate the simple truth  
have the courage to be free

Open your eyes You can fly  
Open your eyes You can fly  
You can fly (uh uh)  
You can fly

Never be afraid to love (no, no, no...)  
never be afraid to just be  
cast away the chains of doubt  
have the courage to be free

Open your eyes You can fly (fly away)  
Open your eyes You can fly  
You can fly (fly, fly, fly)

Open your eyes (yeah) You can fly (fly away)  
Open your eyes You can fly  
You can fly (mhh)  
You can fly (fly away mhhm)

**SPEAKOUT:**

Remember,  
you can't wait for others to applaud what you do  
So just congratulate yourself  
and start something new

Open your eyes You can fly (open your eyes)  
Open your eyes You can fly (you can fly with me)  
You can fly (fly)

Open your eyes (eyes) You can fly (baby yeah)  
Open your eyes (fly away with never) You can fly (fly)

away with never)  
You can fly  
You can fly (mhh fly away way way)

Open your eyes (open your eyes) You can fly  
Open your eyes (baby) You can fly  
You can fly (no open this)

Open your eyes
