Sister moon will be my guida,  
in your blue, blue shadows I would hide  
All good people asleep tonight  
I'm all by myself in your silverlight  
I would gaze at your face the whole night  
Though I'd go out of my mind but for you  
I'd go out of my mind but for you  
Lying in a mother's arms  
the primal root of a woman's charms  
I'm a stranger to the sun my eyes are too weak  
How cold is a heart when it's warmth that it seeks?  
You watch every night, you don't care what I do  
I'd go out of my mind, but for you  
I'd go out of my mind, but for you

My lover's eyes are nothing like the sun  
My hunger for him explains everything I've done  
To howl at the moon the whole night through  
And they really don't care if I do  
I'd go out of my mind, but for you
