Rubber lover

Say rubber

Rubber lover

Don't go to bed mad at your lover

You'll wind up pulling the covers from each other

Don't make love without wearing a rubber

They might have slept with another

Rubber lover

Rubber lover

Just have a good time

Just have a good time

Don't be rushin' when you're pushin' for your lovin'

Take your time when you do the natural thing

So divine to feel the passion in this fashion

Put your brain before your ding-a-ling

Just have a good time

Just have a good time
