When you told me you loved me

Did you mean it?

When you told me you loved me

Didn't you mean it?

First you kissed me on the elevator

Then you said you'd see me later

Now I haven't heard from you

And it's obvious we're through

Why'd you have to say

You loved me in that way

And I got that empty feeling

It stays with me each day

It seems to follow me around

While your on the other side of town

\*chorus\*

All the lies about the situation

Left me wondering in desperation

Now I know that I've been true

But it's not the same for you

Why'd you have to say

You loved me in that way

Now I haven't heard from you  
And my hopes are turning blue  
And I got that empty feeling  
That stays with me each day  
It seems to follow me around  
While your on the other side of town  
  
\*chorus
