I saw your face in a dream last night

A vision so bright and so clear

Though you were lost in the city lights

It felt as if you were here

In my dreams I hold you tight

I wish that I never let go

In my dreams I have no fright

'Cause I'm no longer alone

We will never touch again

I'm under a spell since you've gone

We will never kiss again

I'm under a curse and I'm done

I feel so blue and alone

You had fire in your eyes

And magic was in your touch

I want you back and I despise

That what I want is too much

In my dreams I hold you tight

I wish that I never let go

In my dreams I have no fright

'Cause I'm no longer alone

We will never touch again

I'm under a spell since you've gone

We will never kiss again

I'm under a curse and I'm done

I feel so blue and alone
