I know what you've done behind my back, my love

I know you're ashamed, so I won't ask, my love

I know that you know, it's the wrong track, my love

It don't change a thing for me

You don't have to say a word cause I've got eyes to see

I can't help the way you feel

Return to me

I know what you've done, but what can I do, my love

And when you smile, I smile with you, my love

I know what you've done, but life must go on, my love

I know that you know, where you belong, my love
