Tell me why do lovers have to leave
I know it happens all the time
And it's so sad 'cause this time its you and me
I know I'm losing you but I just can't believe it baby

Just hold me now, just hold me now
Say you'll stay forever, say the day will never come
Just hold me now, just hold me now
Stay this way forever 'cause we've only just begun

Tell me why do feelings have to change?
What happened to the love I knew?
Felt it fading a little more each day
And so I'm losing you but I can't take the truth no baby

Just hold me now, just hold me now
Say you'll stay forever, say the day will never come
Just hold me now, just hold me now
Stay this way forever 'cause we've only just begun

Tell me why do lovers have to leave
I know it happens all the time
And it's so sad 'cause this time its you and me
I know I'm losing you but I just can't believe it baby

Just hold me now, just hold me now
Say you'll stay forever, say the day will never come
Just hold me now, just hold me now
Stay this way forever 'cause we've only just begun
