I know, you know,
Everybody knows it's true.
I'm in love,
But it's only make believe to you.

I love your love,
All the things that lovers do now, baby,
I can tell
That it's only make believe to you.

I said-a ah, ah, ah, ah, ah,

It's only make believe to you, girl.
It's only make believe, you're driving me insane.
It's only make believe to you, girl.
Baby, baby, baby, baby, I can't stand the pain.

I kiss, you kiss,
But I ain't getting through.
No I don't,
'Cause it's only make believe to you.

I cry, oh my,
But you ain't crying too, baby.
No you don't,
'Cause it's only make believe to you.

I said-a ah, ah, ah, ah, ah,

It's only make believe to you, girl.
It's only make believe, you're driving me insane.
It's only make believe to you, girl.
Baby, baby, baby, baby, I can't take the pain.
