I'm safe and sound  
Serene and calm  
Whenever I'm here, I know you're with me  
My secret place  
Where I escape  
From all the cares of this race  
Because of your grace

\*Joy fills my heart  
Peace rules and reigns there.  
Nothing but love overflows  
And your will clearly shown  
(When I'm) Alone in the presence of you

Wisdom is served  
And life preserved  
From all your words that you speak Lord  
Power displayed  
And weakness fades  
All of the pain erased  
Because of your great...  
Chorus

When I'm alone with you  
My soul learns worship  
In spirit and in truth  
For the glory of your name

\*Chorus
