Faithful Friend and Father  
I've called You through the years  
You've been Great Physician  
When sickness lingered near

Through distressing moments  
Your name is new and sweet  
You've become Comforter to me

You Are Comforter  
That's who You are to me  
Comforter  
A name that fits so perfectly  
Peace that passes all understanding  
Comforter is who You are to me

To the grieving family  
Who weeps for loved ones gone  
The pain of separation  
Consumes another home  
On the waves of sorrow  
You walk with perfect ease

Peace Giver, Life Changer  
Joy Giver, Peace River  
Waymaker, Life Changer  
Peace Giver, Joy River
