You won't know what tomorrow brings
In a world where few hearts survive
All I know is the way I feel
And if it's real I'm gonna keep it alive

Cause the road, the road is long
There are mountains in our way
But we climb still higher everyday

Lord lift us up where we belong
Where the eagles fly on a mountain high
Lord lift us up where we belong
Up from the worlds we know
Where the clear winds blow

Some hang on what used to be
Stop living your life looking behind
Cause all we have, all we have is you right now
All our lives are in you tonight

But the road is long
There are mountains in our way
But we climb still higher everyday

Lord lift us up where we belong
Where the eagles fly on a mountain high
Lord lift us up where we belong
Up from the worlds we know
Where the clear winds blow.

You see, as time goes by
Sometimes, yes we'll cry
But He'll wipe every tear
From our eyes
Lord lift us up, Jesus

Lord lift us up where we belong
Where the eagles fly on a mountain high
Lord lift us up where we belong
Up from the worlds we know
Where the clear winds blow.

(repeat 2x)

Where the clear winds blow
Lord lift us up
Where we
Belong
