You were left with nothing as a child  
Now that's a lot to carry  
You've been empty handed all your life  
A heavy weight to carry

Things could be diff'rent  
But it wouldn't be the same  
You wouldn't be the man I love without this way

Coz of all these years feeling small and misplaced  
The only lonely man on Noah's ark  
Yeah, all these years dealing with radioactive waste  
Has made you glow in the dark  
Don't you know you glow in the dark?  
Don't you know?  
You glow

You've been digging graves since we first met  
You've got a lot to bury  
From the empty closets in your head  
A heavy weight to carry

Things could be better  
But it wouldn't feel this good  
I wouldn't change a thing about you if I could

Coz of all these years feeling small and misplaced  
The only lonely man on Noah's ark  
Yeah, all these years dealing with radioactive waste  
Has made you glow in the dark  
Don't you know you glow in the dark?  
Don't you know?  
You glow

You glow

You glow  
Glow  
You glow  
Glow
