We see a way

We can restore our clarity

WHAT THE FUCK IS THAT

Drinking and fighting, that's how we roll

Getting fucked and breaking some skulls

Never living on a "X"

But they still deal the need to follow like a sheep

(Follow like a sheep)

Drinking and fighting, that's how we roll

Getting fucked and breaking some skulls

Never living on a "X"

Drinking beer, pissing on thought of sober

(Mental date rape)

Drinking and fighting, that's how we roll

Getting fucked and breaking some skulls

Never living on a "X"

Quench your fear

Down your fear

Fuck all your judgment (repeated)

You're wrong

Burn them, burn them down

Don't live, you're life as as shut off (repeated)

I take a good look what lies in front of me

Don't half feel like date rape (date rape)

Don't fide all your life

Why do we still deal the need to betray

What's pouring through my veins

My life, my way

My body will feel, the edge can't take me

In every cavity, rotting away
