Be Brave my love
The time has come
To cross the Tintagel sea

The fragrant air
The apple blossoms
Have all been beckoning

And there we'll stand
Looking out upon the world that we've known
All fear will be gone
When we reach the shores of Avalon

You'll be greeted there
By maidens fair
With eyes of the royal sea

In the garden
They will braid your hair
With violets and rosemary

And there we'll stand
Looking out upon the world that we've known
All fear will be gone
When we reach the shores of Avalon

When we reach the shores of Avalon

When we reach the shores of Avalon

Feel the wind
On your face
As we cross the stormy sea

Close your eyes
Don't look back
there's nothing left to see

The other night
You came to me
Like an angel you appeared

And we climbed
The endless sky
Held each other near

And there we'll stand
Looking out upon the world that we've known
All fear will be gone
When we reach the shores of Avalon

When we reach the shores of Avalon

When we reach the shores of Avalon

Be brave my love
