Look into my eyes  
You see trouble every day  
It's on the inside of me  
So don't try to understand  
I get on the inside fo you  
You can blow all away

Such a slightest breath  
And I know who I am

Look into my eyes  
Hear the words I can't say  
Words that defy  
And they scream it out loud

I get on the inside of you  
You can wave it all away  
Such a slightest thing  
It's just the rise of your hand

And there's trouble every day  
There's trouble every day  
There's trouble every day  
There's trouble every day

If I want you back  
I could get away  
Before the sunshine leaves your eye  
But I need to know  
How to find a place  
Before the days become nights  
Before the years become lies

And there's trouble every day

You know that I love again  
Please make it start again

There's trouble every day

You know that I'll always hear  
The words that you never say

There's trouble every day

This time it's startling me  
The words I can never say

There's trouble every day

You know that I'll always hear  
The words that you never say

[Repeated over:]

Look into my eyes  
Hear the words I can't say

You know that I'll always hear  
The words that you never say
