Let's take a ride, say goodbye to the city
I've been here so long - I can't see it anymore
I've been here so long - I can't feel it anymore

So get in the car, babe - you know that it's alright
Get in the car, babe - we're gonna see ourselves
tonight

When we're on the outside - it feels so hard
There's never an easy way - there's nothing in this
world
When we were on the outside we had something going
on,
Something beautiful, something that they can't spoil

But I don't see you now, I don't see you anymore
I can't see you now, I can't see you anymore
I can't see you now, I can't see you anymore
I can't see you now, I walk through you and out the door

I can't see you now, I can't see you anymore
I can't see you now, I can't see you anymore
I can't see you now, I can't see you anymore
I can't see you now, I can't see you anymore
I don't feel it anymore
I don't know how it's doing anymore
I walk through it now
I slip through it now
Can you see me now? Say
I don't know how it's doing anymore Oh, I can't see you
now
I walk through it now Take all the corners off me
I slip through it now Stop to call me dizzy
I can't see you now Say "f&çâ, -Ã,Â!
I don't know how it's doing anymore Oh, I can't see you
now
I walk through you now Take all the corners off me
I slip through it now Stop to call me dizzy
I can't see you anymore
