It's too long till I see you again  
It's too long to be with you

You know these hands  
They don't know what to do  
You know these hands  
They don't know how to

It's too long till I see you again  
It's too long to be with you

You know these hands  
They don't know what to do  
You know these hands  
They don't know how to

How to give me that sweet release  
Give me that sweet release  
Give me that sweet release  
Give me that sweet release

There's too much time  
Turning away from you  
There's too much time  
That I can afford now

You know these hands  
They don't know what to do  
You know these hands  
They don't know how to

How to give me that sweet release  
Give me that sweet release  
Give me that sweet release  
Give me that sweet release

It's too late to love you  
It's too late to love you  
Too late to love you  
Too late to love you

It's too late to love you

It's too late to love you  
It's too late to love you  
It's too late to love you

There's too much time  
There's too much time  
There's too much time  
There's too much time

Give me that sweet release  
Give me that sweet release  
Give me that sweet release  
Give me that sweet release

It's too long till I see you again  
It's too long to be with you

You know these hands  
They don't know what to do  
You know these hands  
They don't know how to

How to give me that sweet release  
Give me that sweet release  
Give me that sweet release  
Give me that sweet release

You make it so easy to beg  
Then I'll beg you  
You make it so easy to beg  
Then I'll beg you

There's too much time  
There's too much time

Give me that sweet release  
Give me that sweet release  
Give me that sweet release  
Give me that sweet release
