Blah, Yeah, Simple
Honey, I'm a fine boy, no pimples
I've done deja-vu I've done dingles
And fuckin everybody wants me on their single
My mom 44 years with no wrinkles
I got a hundred thousand on me I could sprinkle
All year my house covered in tinsel
I gone pop and I won't stop Pringles yeah

So involved in this moment, i cant let it go
Tik tok, check my Roley wrist watch
Fuck how much a drink cost, we about to kick off like
It's outrageous and soo phisticated it's all in the air...
The big boss, make em jump like Kriss Kross
Girl you better turn me on cos I'm about to switch off

I can't explain it.....cool
But you're gonna love this..... yes
So crazy outrageous.....big
simply unstoppablefresh

I can't explain it.....cool
But you're gonna love this..... yes
So crazy outrageous.....big
simply unstoppablefresh

I think I should remind em,
I'm about to clean up like a Dyson
Cause I just say how it is like Simon
I like the taste of alcohol I got wine gums
I don't eva wanna hear another siren
Them highrises can block your horizon
Disturbing London is the city that I'm from
Where if we like the tune, we make the DJ rewind em
yeah

So involved in this moment, i cant let it go

Tik tok, check my Roley wrist watch
Fuck how much a drink cost, we about to kick off like
It's outrageous and so soo phisticated it's all in the air...
The big boss, make em jump like Kriss Kross

Girl you better turn me on cos I'm about to switch off

I can't explain it.....cool
But you're gonna love this..... yes
So crazy outrageous.....big
simply unstoppable fresh

I can't explain it.....cool
But you're gonna love this.....yes
So crazy outrageous.....big
simply unstoppable.....fresh

Yeah, I betta make em say Oooh
Some Alize and some Grey Goose
I said NO to like 6 or 7 labels
I used to sit next to Rachel in Saint Pauls
My fans are crazy with stencils and staples
I came to cause a bit of chaos and to break rules
If you aint me, you it ain't cool
Ah baby, bring another bottle to the table

I can't explain it.....cool
But you're gonna love this..... yes
So crazy outrageous.....big
simply unstoppablefresh

I can't explain it.....cool
But you're gonna love this.....yes
So crazy outrageous.....big
simply unstoppablefresh

Cool
Yes
Big
Fresh
