Oi listen, you ring me often nightly at precisely nine
nigga never off
You were one time like 10 o'clock, but that's life B, and
you are my wifey
You look right wit ur head to side blue jeans nice shoes
when you get on top
Like tunes from bashment to mel o rock, you're a real
chick, that's why I move to you real quick
This is the real shit... (ugh) (yea) I'ma settle with a real
chick,
Any time you call I'll be there quicker then dorothis
heels click
Look cause you made me feel shit I've never felt in ma
life,
If ever I'd see my life I'd wish u'd ever be my wife coz
girl watever u'd be I like...
And I mean everything, I plan to give u many rings,
look nd I dnt mean phonecalls I mean any bling
Anything u want I try to make it possible, coz I've got
fame and fab but without u it's like I've lost it all,
Ur sexy jamaican routes make u cook dat hot, and not
just only dat coz ur south american side brings out ur
back half
And I would advise those other guys to back off, coz ull
be pissed when u can't have the? in the? well take dem
tits to the?
Ur chicks like a portion of wax off... she's rideable
But my chick's has wax neons nd tims... she's rideable
I'm getting sick of makin love tunes to make love to
So I'm gona do dis one more tune nd send it out to the
thugs too it's for the wives.
U just excite me, yea look, when dey say deres no bre
like me
Check I didn't belive in da one but dis female just might
be
Look she's like me, she likes a slice of mango in her ice
cream
And dress all smart with the right jeans, so me nd her
are a tight team
I'm feeling her and it might seem... like I'm in love B
But she gets moved in way she's like see him there
dats ma hubby

And trust me we have many plans, so I don't care for
any man
Which bre can move to my chick I don't think any can
Dis chick is like my night night, and u no how kano
spoke about her
I like her too much to leave coz I feel like deres no hope
without her
See dis chick is my baby girl and u might find us one
day and sainsburys holdin a baby girl whos calling me
(d-d-d-d-d)
The sunshine is among us lets leave others in the rain
I like it wen u come and close the color of ur name
But I'm sick of making love tunes to make love to
So I'm gona do dis one more tune and send out to the
thugs too... it's for da wives
