She was alone in the room
And somehow I knew that in time I would fall
For that look on her face
What I do to embrace you tonight
And watch the dark turn in to light
I can't believe I was really lying next to you

O o o
Angel she looks like an angel
Take me to heaven with you when you go
o o o
Angel got to be an angel
you can't leave me, baby, on my own

Fly angel fly
With golden soul alive
She said I only leave you in heaven
I thought: angels did not lie

If time could stand still
I'd only be near you now and for always
And I know what I feel
To help you to live my life
But you left without saying goodbye
If you change your mind, remember I been waiting
here
Owoo

Angel, she looks like an angel
Take me to heaven with you when you go
Angel
Got to be an angel
You can't leave me baby on my own

Fly angel fly
With golden soul alive
She said I only leave you in heaven
I thought: angels did not lie

Don't stay away too long
I can hardly stand it

I can hardly stand it

Fly angel fly
With golden soul alive
She said I only leave you in heaven
I though: angels did not lie

Oo, angels did not lie
Ooo noo, angels did not lie
