Who needs words? Dancing beats small talk any day.  
It's the way your feet smile. Or laugh. It lets you say so  
many things

(sung)

Dancing is a language that is felt instead of heard

You can whisper, sing or shout without so much as a  
word

Try it, go on, like so...

Just let your emotions tell your body what to do

See how much a single gesture can reveal!

And ev'ry little step

Ev'ry single step

Is one step closer

To saying what you feel

Once the music hits you, inhibitions fall away

And you find that you're expressing things

Your voice daren't say

Don't be afraid, let go!

Soon as you surrender, what's inside will sweep on  
through

As the boundaries between us disappear!

And ev'ry little step

Ev'ry single step

Is one step closer  
To talking loud and clear  
A dance is like a conversation  
Except you never need to make a sound  
And once you've begun  
You speak as one  
Give and take  
Back and forth  
Round and round  
A dance is like a conversation  
Except your lips don't ever need to part  
And once you've begun  
You speak as one  
Cheek to cheek  
Toe to toe  
Heart to heart  
Dancing is a language that is felt instead of heard  
But it says much more than language ever could  
And ev'ry little step  
Ev'ry single step  
Is one step closer...  
One step closer...  
One step closer  
To being understood
