As I rush to complete this jigsaw why we let the
government control the way we live ya'll - I see I don't
need a thing far from one chick and a decent car And
I've studied nothing but leaps and falls Miracles are
seeming like a distant star... Can I get agreement from
a witness all gone miss this deficit we creeping on No
one has to ask if they are even involved this affects you
only if you breath at all If you are a mister or a misses
dog or mistress - everyone will reap what's sown it
don't matter none if you ain't meant it wrong or meant
to negatively treat one's soul Ya'll gone see! Buried in
a vault is evidence linking the government to all -
Martin Luther King the Kennedy's to Ros - Well I'm not
afraid to say the list is long Living under twisted law
from senior citizens citizens wish would croak Suffer
some disease never speaked it loud so we just deal
with what each get thrown so we won't fall... Down Naw
'cause that ain't what I'm talking 'bout Naw Down the
way is what I'm talking 'bout now - Nope cause they
ain't really on it Ya'll steadily be talking 'bout 'the days'
and we on them Get Down! Naw 'cause that ain't what
I'm talking 'bout Naw Down the way is what I'm talking
'bout now - Nope cause they ain't really on it Ya'll
steadily be talking 'bout 'the days' and we on them.
I'ma have to slow it up so ya'll can catch up anyway -
Shawty Prince is more than what your mom and daddy
finna play Terror isn't evident it's happening and
everybody rich has got a place up on a shuttle when the
Earth break down Down like a waffle iron, brown
Sounds like a scream out of Godzilla's mouth say ahh
Watch a missile fly and make the world say ahh
Thinking Judgment Day and make it hurt my mind Sour
as some salt up in my lemonade Everybody's sweet as
Willy Wonka on a busy day And - They be steady
popping bout some pistol play Dough like Betty Crocker
but a heart as soft as kiddie weights - Wait I don't really
mean it that way so I'ma keep it rocking while you
leaning that way - No sugar coating me get diabetes
that way - Yo mama if you're opposite the meaning I'm
laying... Down Naw 'cause that ain't what I'm talking
'bout Naw Down the way is what I'm talking 'bout now -

Nope cause they ain't really on it - Ya'll steadily be
talking 'bout 'the days' and we on them Get Down! Naw
'cause that ain't what I'm talking 'bout Naw Down the
way is what I'm talking 'bout now - Nope cause they
ain't really on it - Ya'll steadily be talking 'bout 'the
days' and we on them. Beasts get marked in the up
and coming timeframe Innovating numbers to your
motherloving mind frame Mind games in the conscious
watch this rhyme turn a frozen elevator to a coffin -
Coughing elevated caution often turns me to a maniac I
offer alter routes - To get boot you won't listen - Nukes
shoot and give clues they ain't missing Tripping like a
needle-shooting midget who's crippling from
Economics twisting the condition he's crippling from
Don't know where to end or where to come just Hope I
got some people in the bleachers with the pom poms -
Now comes action you can't pay to see or run from -
Dum dum dum with a finale at the long run - Now for
one more decade shawty let's get down - Before some
nutcase knocks our rest place... [Chorus]
