When we waring, through the peace time

Angel chorus or the Beast cries...

I Got You (4x)

(Verse 1)

The flesh and the breath is far out weighed by the  
depth of

I'll never go cold, I'll never grow old even, If I never go  
gold

Woah I'm never gon fold

I Map it out while y'all dudes is so lost

Cause I know the system like solar

I'm cold dog like polar

And so far I flow hard like sonar I see sharks

I see Marks like tattoos from bad news

This ain't EA do not play dude

Its Seven Thirty, Watch Your six

I to fill-up banks like the daddy on the fresh prince

And I ain't trynig a rs negative campaign

And I ain't even trying bring your campaign

West-Indian dance we bring about our rain

Like Hurricane, let the people sing

(Verse 2)

In war plan for peace in peace plan for war

Count your blessings do not count the score

Record labels is slave drivers fronting chaperons

I'm out on my own free and full grown

I just call it like I see it like a camera phone

Stay on your dome like a wave cap, graphite Cadillac

Tip-tronic, See black

Whipping through the city like I'm Indiana Jones

Fu\*k spiting fire mother fu\*\*er I flame flow

Stay on point but this is not a game show

I focus on real in and out of the booth

I Watch your videos eyes closed on mute

This is for Fams & Fans who held me down

Like a anchor through the cancer, joy and anger, this  
ones a banger

Mindpeacelove I want to thank You

Thank You.
