When your world is turning upside down
And the curtain's closed, don't think it's over!
But then your feet don't touch the ground
And you're crying out but nobody's listening
Help is on the way!

After all is said and done
For all the victories won
Lord You're my Champion
Lord You're my Champion
There's so many days I thought it can't be done
Nobody has stated You're the only one
You're my Champion
Lord You're my Champion

So let's give Him a hand
Somebody bring the marching bands
So let's give Him a hand
Somebody bring the marching bands
Let's give Him a hand
Somebody bring the marching bands
'Cause You're my Champion
You're my Champion

When your clock is winding down
And everybody is screaming your name
Your victory is bound
But what happens when you lose the game?
So tell me who's gonna start the show?
And who's gonna start the dance?
So where's the big parade?
And where's the marching band?

After all is said and done
For all the victories won
Lord You're my Champion
Lord You're my Champion
There's so many days I thought it can't be done
Nobody has stated You're the only one
Lord You're my Champion

So let's give Him a hand [x2]
Somebody bring the marching band
You're my Champion
So let's give Him a hand
Somebody bring the marching band
You're my Champion
Lord You're my Champion

The Champ is here! [x6]
You're my Champion

Let's give it up for the Champ, hey!
Let's give it up for the Champ, ooh!
Let's give it up for the Champ, hey!
Let's give it up for Him, let's give it up for Him
Let's give it up for the Champ, hey!
Let's give it up for the Champ
Lord You're my Champion
Lord You're my Champion
