You know it's been a long time  
I shouldn't have left You  
Come on

I was feeling out of place  
Like I'm trapped inside a maze  
Find my way out  
I would make all the wrong turns  
Forgettin' everything I've learned  
Like a key without a door (key without a door)  
I had less but nothing more  
Don't know what I'm lucky for, if I  
I realize and I can't disguise

I've had my share of broken hearts  
I needed You from the start  
I lift my head to up above  
I need Your love (x10)  
(I need Your love everyday)  
I need Your love (x10)

Tell me where can I go  
To figure it out  
Couldn't live life without You  
So it wasn't hard to choose  
And where else could I go?  
Every absence needs some rest  
And my heart is beating fast  
Like a mouth without the words, oh yeah  
Like an ear without the sound  
And my feet without the ground  
Like a bee without the hon'  
A pocketful but no money  
I'm just tired of running

I've had my share of broken hearts  
I needed You from the start  
I lift my head to up above  
(And I realize that I need Your love)  
I need Your love (x12) [w/ ad-libs]

I don't know what I'd do  
Without Your love  
I need You everyday  
I'd be a fool without Your love  
I tried to live without You  
(But now I know)  
I just can't survive without Your love  
I need Your love  
I need Your love  
I need Your love  
I need your love  
I need Your love  
(I need Your love everyday)  
I need Your love  
I need Your love  
(I need Your love every step of the way)  
I need Your love  
I need Your love  
I need Your love
