Oh yeah
Oh yeah
When it all falls down where do we go from here?
And we wanna move on but it's just too severe
And I want your love, go on now
To deny your trust
To trust again you gotta sort it out

What do I do when I've done all I can?
Got me close all I could do is stand
I've been standing and waiting anticipating for
situations to change
When this been through
All I need you to do

When my skies they turn to gray
Wipe it away, Lord, wipe it away
At night I think about all I can take
As for the day all I can say

What I need you to do
Take it away
What I need
That's what I-I need you to do
Take it away
What I need
That's what I-I need you to do

What I need you to do
Take it away
What I need
That's what I-I need you to do
Take it away
What I need
That's what I-I need you to do

So where do I go when I can't take it no more
And all that I've built up just falls to the floor?
And it feels like I can't take it, don't wanna fake it
My heart is racing
I'm trying to get back to you, back to you

And I can't hide the tears I've cried
My desire is to get by
I can't fake the hurt they make
When all this be through all I need you to do

When my skies they turn to gray
Wipe it away, Lord, wipe it away
At night I think about all I can take
As for the day, Lord, all I can say

What I need you to do
Take it away
What I need
That's what I-I need you to do
Take it away
What I need
That's what I-I need you to do

What I need you to do
Take it away
What I need
That's what I-I need you to do
Take it away
What I need
That's what I-I need you to do

Tonight my heart is broken and I'm choking
'Cause I cannot breathe when you're not with me
Well I can hear you talking 'stop worrying' yeah
'Cause I know in you I got a real friend
And I wouldn't trade your love if I could rule the world
'Cause you got every little thing I need
You keep supplying the needs
But no one would deserve it
You got what I need

What I need you to do
Take it away
What I need
That's what I-I need you to do
Take it away
What I need
That's what I-I need you to do
(4x)

Oh take it away (7x)
