Winter's come again  
And I'm in need of changing.  
My heart is dead again.  
I need Your reviving.  
Jesus, enter in  
And breathe upon these dry bones.  
Make me live again;  
Take this heart cold as stone  
And breathe.

[Chorus:]  
You make all things new.  
Would You make me too.  
You make all things new.  
Whoa,  
You make all things new.  
Would You make me too.  
You make all things new.  
Whoa,

You alone can take  
The cripple and the lame,  
Make them run again,  
Breathe new life in them.  
You took my punishment.  
Your scars provide my healing.  
Make me live again.  
God, I receive Your peace.  
Come breathe.

[Chorus:]  
You make all things new.  
Would You make me too.  
You make all things new.  
Whoa,  
You make all things new.  
Would You make me too.  
You make all things new.  
Whoa,

You alone can take

Tthe broken and the weak.  
God, You give me strength.  
In Your presence I find healing.  
[repeat]

[Chorus:]  
You make all things new.  
Would You make me too.  
You make all things new.  
Whoa,  
You make all things new.  
Would You make me too.  
You make all things new.  
Whoa,

Jesus, could You take me,  
Could You make me  
More like You.  
Son of David, have mercy!  
God, I'm in need of You!  
No other could heal me.  
God, I believe in You!
