Searching all over
Searching the world it's true
Turning over
Every stone for news
Just to get back
Back with you

Time won't heal me
I'm trying to make due
Time won't heal me
And it won't be soon
Just to get back
Back with you

And when you call my name
It's like a light out of the blue
And it's a game we play
Just for us, just for two
And there's a song that plays
You don't know what I've been through
What I've been through

Now that I found you

Right across the room
You walk on over
The stars come into view
Just to get back
Back with you
Just to get back
Just to get back
Back with you
Just to get back
Just to get back
Back with you

And when you call my name
It's like a light out of the blue
And it's a game we play
Just for us, just for two
And there's a song that plays
You don't know

What I've been through
What I've been through

To get back with you
Back with you
