Without love

You got nothing to live for, nothing to give

Without love

You got nothing to wish for, nothing to get

Without love the days are so long

Without love

You could never go

On and on and on on and on come on

On and on and on on and on come on

Without love

You got nothing to shoot for, nothing to prove

Without love

You got nothing to work for, nothing to lose

Without love everything is all wrong

Without love

You could never go

On and on and on on and on come on

Oh and on and on on and on come on

You don't know what you're in for

Once it gets its hands on you

You know you're through

Whatever you're looking for

It's gonna have its way with you

You know it's true

Without love

You don't know what you want, you don't know what you
need

Without love

You got nowhere to go, you got nowhere to be

Without love

You got nothing to get, you got nothing to give

Without love

You got nothing to live for, cause that's all there is

Without love

The nights are so long

Without love
You could never go
On and on and on on and on come on
On and on and on on and on come on
On and on and on on and on come on
On and on and on on and on come on
