S. Wonder

As around the sun the Earth knows she's revolving And the rosebuds know to bloom in early May Just as hate know's love's the cure

You can rest your mind assure

That I'll be loving you always

As now can't reveal the mystery of tomorrow

But in passing will grow older every day

Just as all is born is new

Do you know what I say is true

That I'll be loving you always

Until the rainbow burns the stars out in the sky

ALWAYS

Until the ocean covers every mountain high

ALWAYS

Until the dolphin flies and parrots live at sea

ALWAYS

Until we dream of life and life becomes a dream

Did you know that true love asks for nothing

Her acceptance is the way we pay

Did you know that life has given love a guarantee

To last through forever and another day

Just as time knew to move on since the beginning

And the seasons know exactly when to change

Just as kindness knows no shame

Know through all your joy and pain

That I'll be loving you always

As today I know I'm living but tomorrow

Could make me the past but that I mustn't fear

For I'll know deep in my mind

The love of me I've left behind

Cause I'll be loving you always

Until the day is night and night becomes the day

ALWAYS

Until the trees and sea just up and fly away

ALWAYS

Until the day that 8X8X8 is 4

ALWAYS

Until the day that is the day that are no more

Did you know you're loved by somebody?

Until the day the Earth starts turning right to left

ALWAYS

Until the Earth just for the sun denies itself

I'll be loving you forever

Until dear Mother Nature says her work is through

ALWAYS
