Do like you
Lyrics and music by Stevie Wonder
(Keita) Show me how to do like you
(Aisha) If you say please
(Keita) Please
Since age one Keita knew he had the answer
And it was that someday he'd be a dancer
And with help from his sis
Surely that boy would not miss
From being the baddest dancer in the whole
neighborhood
Late at night when he was supposed to be sleeping
You could hear the pitter patter of feet creeping
To where music would play
To his sister he would say
Before his father said hey boy get right back in that
bed
Show me how to do like you
Show me how to do it
Show me how to do like you
Show me how to do it
- Can you rock can you rock
Show me how to do like you
Can you rock around the clock, can you rock
Show me how to do it
- Can you rock can you rock
Show me how to do like you
Can you rock around the clock, can you rock
Once at school they put on a talent contest
To find out who could really boogy the best
But his mama said no
Keita's much too young to go
But his sister said please let him go so the world can
see
When they saw him they said he must be crazy
Look at him he ain't nothing but a baby
But soon as he began
You knew the contest he would win
Because everyone in the audience began to cheer
Show me how to do like you
Show me how to do it

Show me how to do like you
Show me how to do it
- Can you rock can you rock
Show me how to do like you
Can you rock around the clock, can you rock
Show me how to do it
- Can you rock can you rock
Show me how to do like you
Can you rock around the clock, can you rock
Show me how to do it
- Can you rock can you rock
Show me how to do like you
Can you rock around the clock, can you rock
Show me how to do it
(Aisha) Ooh, you done broke Mama's lamp
(Keita) Uh, uh
(Aisha) Yes you did
(Keita) No I didn't
