Take it out on me, why don't you
You're losing ground, you're losing face
you fooled around and you dragged me down from
grace

Your dirt and you know it boy
(don't try and touch me cause you're dirt)
Your dirt and your never gonna get inside me again
You'll never get inside my head
But now you've got me seeing red

Breathe in, breathe out, I know who I am
I don't need you there to break my fall
Sorry baby, but I don't need you at all

Your dirt and you know it boy
(don't try and touch me cause you're dirt)
Your dirt and your never gonna get inside me again
You'll never get inside my head
But now you've got me seeing red

Checks his history on his ICQ account
He's sure there's nothing wrong
One things for certain, lay a hand on me, you're gone
Don't try to touch me, baby

Your dirt and you know it boy
(don't try and touch me cause you're dirt)
Your dirt and your never gonna get inside me again
You'll never get inside my head
But now you've got me seeing red
You'll never get inside my head
But now you've got me seeing red

Your dirt and you know it boy
(don't try and touch me cause you're dirt)
Your dirt and your never gonna get inside me again
You'll never get inside my head
But now you've got me seeing red
But now you've got me seeing red
