So long we've been distant now,
Since you set out on your own,
You told me you had to find
Something to believe in.
Never thought you'd ever leave,
But as you walked out the door
I prayed that you would soon find
All that you needed.
While you're out there on your own,
If the rain starts falling,
Or you get too cold.
If you need a place to go

Oh, I just want you to know
It's alright, it's alright, it's alright.
Oh, you can come to my door,
I don't mind, I don't mind, I don't mind at all.

So long you've been searching now,
But still I can see your face
The memories numb this pain
Just for a moment.
At night I lie sometimes
Awake in my bed,
Repeating over and over
Our conversation.
Right now as the moon is shining,
I know you're out somewhere
And you're doing fine.
If you ever feel alone baby

Oh, I just want you to know
It's alright, it's alright, it's alright.
Oh, you can come to my door,
I don't mind, I don't mind, I don't mind at all.

And on that fateful day,
You know I will be waiting, oh.
You'll smile at me, then say
You loved me all along
And you'll come home.

Oh, I just want you yo know
It's alright, it's alright, it's alright.
Oh, you can come to my door
I don't mind, I don't mind, I don't mind at all.
