Well people sing songs all the time  
Bout fallin in love and losing their minds  
But it ain't love that drive folks mad  
It's livin this life day in, day out  
Tryin to figure out what it's all about  
The who's, the when's, the where's, the why's, and the  
maybe's

I say everybody's crazy so what you need to do  
You need to find somebody crazy like you  
Someone you can fuss and fight with  
And when you make up, then you can love all night with  
Someone who shares your particular point of view  
Oh they bound to be crazy, just make sure they're crazy  
like you

I looked high, I looked low, looked far, looked wide  
B'for I looked in a mirror and I realized  
I spend my time lookin for the wrong thing  
A perfect insane would be so mundane  
A man like me, I'm subject to change  
And I'm lookin for someone who's track's'll fit my train

I say everybody's crazy so what you need to do  
You need to find somebody crazy like you  
Someone you can fuss and fight with  
And when you make up then you can love all night with  
Someone who shares your particular point of view  
Oh they bound to be crazy, just make sure they're crazy  
like you

I found me a girl and she's five foot four  
And I never found a girl that I dote more  
We are in tune and out of touch with all the same things  
And she's as wild and mean as a deep blue sea  
And pure and sweet as honey from a bee  
And I love her to death, cuz that girl's crazy just like me

I say everybody's crazy so what you gonna to do  
You need to find somebody crazy like you  
Someone you can fuss and fight with

And when you make up then you can love all night with  
Someone who shares your particular point of view  
Oh they bound to be crazy, just make sure they're crazy  
like you
