Here I am in ashes looking for color and light
There you are waiving your indifference like a sign
I'm picking up pieces, licking wounds, gathering
leads
You're smiling and dancing across the bloody
crime scene

So why'd you take me up, knowing I'd follow
your lead
It only left more steps to fall down when you turned to
leave

And I'd take your lies, your truth don't set me
free
It only makes me see, you're weaker than I thought
you'd be
Deceived
But rose will leave my eyes
One thing I trust is time
Tears dry to find why there's really good in
goodbye

I'm miles from home in the rain lost in a storm
You're wrapped in denial by the fire keeping warm
I'm stuck on an island screaming in nobody's
ear
You're sailing away on a one man boat going
nowhere

So why'd you take me up, knowing I'd follow
your lead
It only left more steps to fall down when you turned to
leave

And I'd take your lies, your truth don't set me
free
It only makes me see, you're weaker than I thought
you'd be
Deceived
But rose will leave my eyes
One thing I trust is time
Tears dry to find why there's really good in

goodbye

You said weâ€™d cross this bridge as one, then
torched it to the ground
No use crying over spilled guilt, love we burn comes
right back around
(Chorus)
