Jimmy - what's your vote?  
You don't have to repay them after all

Jimmy told of those who'd been cheated  
But were never defeated  
Just morally wrong

Jimmy told us those who were jaded  
Their colours had faded  
Like they didn't belong

And they lied - a new life they were seeking  
Yes they lied - now their plans are leaking

Jimmy told us of those who had made it  
And others who'd paid it  
But the price was wrong

Everybody's too busy fighting  
To bother deciding  
What has to be done

Jimmy - it seems as though it can be sold  
As easy as a story  
Can be told

You don't have to repay them after all

Jimmy had a dream he would make it  
And he wouldn't fake it  
Like the others had done

He believed in those who were jaded  
Whose colours had faded  
Like they didn't belong

Now we're all faded.
