Somewhere beneath the laughter

The anger begins to affect her

Timid like a Chinese whisper

Calm like a needle in the eye of a twister

We won't surrender

Until the end

Truthful pretender

Won't someone hear the battle-cry

She said you're a substitute

She said can't you see we're through

One more silent victory

Victory

Struggling hard to forget her

He slowly begins to regret her

Anger is all that she lived for

Walked over his life and then out through the front
door

We won't surrender

Until the end

Truthful pretender

Won't someone hear the battle-cry

Chorus

We won't surrender until the end

Truthful pretender

Like somebody seized the day

Love ran away

Chorus
