

Living End, The "State Of Emergency"

We will always be, we will always be, we will always be
together
We may never see, we may never see, we may never
see it again
Red light!!!

This is an alarm stay where you are
State of emergency
This is an alarm don't go too far
State of urgency
This is not the end
State of urgency
This is not the end

We may never know, we may never know, we may
never know what's ahead
If you believe it then you will see it it's in front of you,
you know it's true
Red light!!

This is an alarm stay where you are
State of emergency
This is an alarm don't go too far
State of urgency
This is not the end
State of urgency
This is not the end

From the things we hate to the love we send what goes
around comes around again
Standing on the starting line , make a wish and make it
the time

It's just begun, it's just begun, it's just begun to matter
It won't be done, it won't be done, it won't be done until
the time has come

This is an alarm stay where you are
State of emergency
This is an alarm don't go too far
State of urgency

This is not the end
State of urgency
This is not the end
