"Stay Away From Me"

I call your name
I saw your face
You didn't turn around
I never heard it

You're taking the lead
In my self destruction
When you call my name
I never heard it

I waste away my time
I take another line
In my poor sorry mind
I think of what I took from you
But you can't stay away from me

OOO what I need is you
But I just can't stand it
OOO what I need is you
But I can't face the fact that you know me

I call your name
I saw you face
Telling me to stay
I never heard it

I can't help thinking
That everyone 'round me
Can't hear what I say
They never heard it

I waste away my time
I take another line
In my poor sorry mind
I think of what I took from you
But you can't stay away from me

OOO what I need is you
But I just can't stand it
OOO what I need is you
But I can't face the fact that you know me

I waste away my time
I take another line
In my poor sorry mind
I think of what I took from you
But you can't stay away from me

OOO what I need is you
But I just can't stand it
OOO what I need is you
But I can't face the fact that you know me
