well sometimes I feel I've got to,
run away
I've got to,
get away from the pain you driving to love me
the love we share seems to go nowhere
and I've lost my life for I toss and turn, I can't sleep at
night
once I ran to you, now I run from you
this tainted love you give, I give you all a boy can give
you
take my tears and thats not nearly all!

well sometimes i feel i've got to,
run away
i've got to,
get away from the pain you driving to love me

The love we share seems to go nowhere
and i've lost my life for I toss and turn, i can't sleep at
night
once I ran to you, now I run from you
this tainted love you give, i give you all a boy can give
you
take my tears and thats not nearly all

Tainted love (wohoa)
Tainted love
and now I know i've got to,
run away
i've got to,
get away
you don't really want anymore from me.
to make things right you need someone to hold you
tight
and they say love is to play
but i'm sorry I don't play that way

once I ran to you, now I run from you
this tainted love you give, i give you all a boy can give
you
take my tears and thats not nearly all

Tainted love (wohoa)
Tainted love

don't touch me please
I cannot stand the way you tease
and I love you though you hurt me so
so i'm gonna pack my things and go

The love we share seems to go nowhere
and I've lost my life for I toss and turn, I can't sleep at
night
once I ran to you, now I run from you
this tainted love you give, i give you all a boy can give
you
take my tears and thats not nearly all

Tainted love (wohoa)
Tainted love (wohoa)
Tainted love (wohoa)
Tainted lov
