Beware! If I show interest in your philosophy  
Take care! If I wrinkle my brow in sympathy  
Look out! If I treat you with due deference  
Watch out! If I talk to you by preference

Oh no! I seem to like you...  
Oh woe! I lend a keen ear...  
Great Scott! I seem to like you...  
Guess what! I find you execrable.

Tell someone who is interested  
Tell someone who will keep their lunch digested  
Tell someone who wants your conversation  
Tell someone who doesn't regard you as an argument  
for compulsory sterilisation

How do I love thee? Let me count the ways -  
Nil.
