There's violence on the television
And letter bombs in the mail:
But things can't be all that bad
'Cos Derryn Hinch went to jail.

Famine eats up children;
The peace talks always fail:
But things can't be all that bad
'Cos Derryn Hinch went to jail.

You might have double malaria -
Doctors see you and go pale:
But things can't be all that bad
'Cos Derryn Hinch went to jail.

Christ Himself on the cross
Told the guy banging in the nail:
"Mate, things can't be all that bad
'Cos Derryn Hinch went to jail."

I can put up with Ronald Reagan
I can put up with Micham Begin
I can put up with tetraplegia
I can put up with total amnesia
I can put up with black spiky hair
I can put up with germ warfare
I can put up with Chasers and Inflation
I can put up with hyperventilation
I can put up with bowel dysfunction
I can put up with nuclear destruction
I can put up with Mike Willesse - well, at a pinch:
But one thing I can not put up with is Derryn fucking
Hinch.
