"Saturday Night Palsy"

I don't want to live and I don't want to die
I want to shoot heroin through the eye;
I want it to shine and I want it to rain
I want to get hit by a freight train.

Chorus:

Be-bop-a-lula-a-lom-bam-balsy
I think I got Saturday night palsy
A wom-bom-a-lu-bom-ba-lom-bam-balsy
I think I got Saturday night palsy

Someone better shoot me before it's too late
I wanna be impaled on a fifty foot stake
My V.U. meter's in the overload
I think my aorta is gonna explode.

I got a brand new car and a new set of clothes
I wanna pull my brain out through my nose
Show me to women and show me to the bar
I wanna jump into a vat of hot tar.
