Forgive me, don't know where to start,
guess we've come to the serious part.
I need to find out if there's a chance for us.
Don't give me that same old look, you won't win me
over.
Don't give me that same old speech you don't have
to speak at all.

Chorus

You can say you love me, that I'm your perfect crush,
how it hurts to need someone that much.
You can swear you mean it, but that's not good
enough,
cause when a man loves a woman, it's all in his touch.

I wish you could see, just how simple it's supposed to
be.

Cause now that we've come this far, we don't want
to lose it.
If you want to win my heart, baby just shut your mouth.

Chorus

You can say you love me, that I'm your perfect crush,
how it hurts to need someone that much.
You can swear you mean it, but that's not good
enough,
cause when a man loves a woman, it is all in his touch.

Then words don't mean that much.

You can say you love me that I'm your perfect crush,
how it hurts to need someone that much
You can swear that you mean it, but that's not good
enough
cause when a man loves a woman it is all in his touch.
