Remember when we were close friends, it is not hard  
for me  
I knew I loved you and it was alright, that was all for me  
to see ...  
The sun was shining and my life was great, I wish it'd  
never changed  
But then my friends were right and I could feel that you  
had all arranged

I' m gonna leave the city, I just don't know when  
I know what I gotta do.  
I' m gonna leave the city cos of you.

I know so well that I made mistakes, but not only me  
When you said that it's my fault I was close to climb  
upon a tree.  
And wait there til you finished your accuse, I can't hear  
it anymore  
But it came out like everytime, that's not what I'm  
looking for!

I' m gonna leave the city, I just don't know when  
I know what I gotta do.  
I' m gonna leave the city cos of you.

I never thought that it's so hard, if something is just  
tearing you apart  
I never would have let her down, but now there's no  
more love around!  
I' m gonna leave the city, I just don't know when  
I know what I gotta do.  
I' m gonna leave the city cos of you.

I never thought that it's so hard, if something is just  
tearing you apart  
I never would have let her down, but now there's no  
more love around!

I never thought that it's so hard, if something is just  
tearing you apart  
I never would have let her down, but now there's no  
more love around!

Remember when we were close friends, it is not hard  
for me  
I knew I loved you and it was alright, that was all for me  
to see ...  
The sun was shining and my life was great, I wish it'd  
never changed  
But then my friends were right and I could feel that you  
had all arranged

I' m gonna leave the city ....  
I' m gonna leave the city .... cos of you!
